Venue:

**Holiday Inn London Regent's Park**

Carburton St.  
London  
W1W 5EE

Date: 20<sup>th</sup> February 2016

This seminar with a world authority on Lyme Disease, Dr. Dietrich Klinghardt, (featured in the movie “Under Our Skin”) will give the attendees new practical, affordable tools and individualized treatment options – many of which are true self-help tools. Participants will gain a deep understanding of Lyme Disease and the co-infections. We will also present the most important diagnostic methods including the LTT-ELISPOT, the new PCR based tissue challenge test and Autonomic Response Testing (ART). Dr. Klinghardt is known for his biological treatment alternatives and will present these in the afternoon sessions of this workshop.

Topics covered will include: history taking and symptoms; physical signs and exam; new diagnostic approaches; liposomal herbal preparations as potent alternatives to medical antibiotics; low-dose immunotherapy (LDI); the role of colloidal silver, ozone therapy and energy medicine; brainwave biofeedback to restore normal electrical brain activity; managing sleep; minimizing the environmental cofactors: electromagnetic radiation, mould, parasites, toxicity from metals and persistent organic chemicals; preconception health care for **mothers with Lyme and the link with Autism**; new techniques to clear the brain - and the most effective and safe self-help modalities for body, mind & spirit.

**Saturday 5-7pm: practical demonstrations**
